JAPANESE SEND PRESIDENT PLEA ON BURNETT BILL

About 400 Japanese, a much less number than had been expected, attended the mass meeting last night at the Asahi theater called to present a memorial, addressed to President Wilson, against the Burnett immigration bill.

Dr. G. Negoro, president of the Japanese Association of Hawaii, presided, and there were several speakers, not all of whom favored sending the memorial now. The first speaker, T. Hara, urged careful consideration, pointing to the Japanese school question in California and other matters as instances of issues which might cause trouble. He also spoke of the California land law.

T. Kimura, the second speaker, former editor of the Hawaii Hochi, explained what the Japanese Association has done since its organization. Secretary Matsuzawa of the Japanese Y. M. C. A. urged that the Japanese in the United States Americanize themselves, as a prerequisite to the full employment of American rights. Rev. E. Ito, Buddhist priest, spoke of the love which America has for liberty and freedom and hoped that President Wilson would find the Burnett bill against these ideals and would veto it.

After the speeches a cablegram was sent to President Wilson in the name of the Japanese Association, and the memorial, also protesting against the Burnett bill and explaining the protest in full, was ordered by vote to be forwarded in the next mail.

R. T. RIGHT TO HAUL FREIGHTS IS NOT SETTLED

Charter rights of the Honolulu Rapid Transit and Land Company do not definitely give it the power to carry freight, nor to deal in crushed rock, yet it is engaging in both of these lines of business. This matter, long a subject for comment, was revived again at a recent meeting of the board of supervisors. The question arose in the course of a report on the action of a special committee, of which Supervisor Hatch is a member, in settling differences between the city and Rapid Transit company concerning its right to tear up Allen street and lay spur tracks to the pier under construction by the Lord-Young Engineering Company for the territory.

At the conclusion of his report, in which he said the question had been settled amicably, Mr. Hatch declared: "The committee had no occasion to go into the question of the right of the street railroad company, under its charter, to engage in the business of selling crushed rock, and does not commit the board of supervisors to any view on that question."

In the informal discussion following the adoption of his report he said that the transit company was chartered as a common carrier of passengers, but that as far as he had been able to ascertain there was no provision in its charter that gave it the right to act as a common carrier of freight. "Not that I doubt that it is a good thing for the community that it is engaged in that business," he stated. "It would be well if that provision was contained in its charter, for then it would be possible to get rock and other freight carried through the streets of the city by rail at fixed rates which would be much lower than those now prevailing."

The spur track over which the difficulties arose has been laid to enable the street car company to transport crushed rock to the pier under construction. Another spur for which the board granted permission is to lead into the grounds of C. W. Case, Deering's residence, now building at Waikiki and will be used for the transportation of building materials.

DR. SINCLAIR WILL STUDY TREATMENTS OF TUBERCULOSIS

Dr. A. N. Sinclair, director of the anti-tuberculosis bureau of the Board of Health, will leave for the mainland on April 25 on his way to Washington, D. C., where he will attend the annual convention of the American Society of Immunologists, of which he is a member. He will visit Chicago, New York and other cities to make a study of X-ray and other treatments and diagnoses of tuberculosis. Upon his return to Honolulu the X-ray system of treating tuberculosis will be established in Leahi Home.

PERSONALITIES

MRS. GEORGE H. MIRANDA returned to Honolulu from Kauai in the steamer Mauna Loa yesterday. She visited three weeks on the Garden Island.

WANTS WARM PLACE.

Corporal A. Sattin is somewhere in France serving with the British army. In a letter to the Hawaii Promotion Committee he states that he wants to go to a warm place and wants to have some information on Hawaii. He is at present on the firing line.

The United States torpedo boat destroyer Jacob Jones is in quarantine at Tampa, Fla. A negro mess boy on the ship contracted smallpox at Key West, Fla.

PINEAPPLE MEN OF MAUI THINK OUTLOOK BETTER

[Special Star-Bulletin Correspondence.]

WAILUKU, April 14.—A feeling of optimism exists just now in the pineapple district, owing to the prospect of much better prices for the product during the next year. It is reported that a number of recent sales made by local packers have been at a marked advance and the companies expect the demand to result in still better figures. The growers have been assured of not less than \$15 per ton for the present season's crop, and a form of contract is being considered, which, it is believed, will be fair to both packer and grower. A special meeting of the Maui Farmers' Association was held last night at the Kula school house to discuss the matter, the result of which will probably be that most of the homesteaders will accept the contracts and plant more or less extensively this year. The contracts will be for a period of four years, or the period of one planting.

The public utilities board has announced that it will investigate the affairs of the Island Electric Company, the Lahaina Electric Company and the Maui Telephone Company at a public meeting to begin at 9 o'clock on Monday morning, May 15, at the Wailuku Town Hall. The public is invited to attend and to present any complaints or suggestions it may have to offer.

For the purpose of raising a fund to defray the cost of necessary instruments, the recently organized Lahaina band is planning to give a concert and entertainment at the Pioneer theater on Saturday, May 6. The band is already making very good music under the direction of Director Lowell K. Kapau, but is working under the handicap of insufficient instruments, and of not owning those that it is using.

The people of Lahaina are much interested in seeing that the band is made a success and to that end have formed an association which will have the direction of the property and finances of the musicians. The following officers have been chosen for this association: L. Weinheimer, president; John Pierce, vice-president; J. M. Ambrose, secretary; P. N. Lufkin, treasurer; W. H. Young, auditor; Edward Waiholo, Antone Furtado, C. K. Farde and George Freeland, directors.

GURREY IS NEW HEAD OF CALIFORNIA CLUB

A. R. Gurrey, Jr., was elected president of the University of California Club of Hawaii at a meeting held last Wednesday night at the University Club. Huron K. Ashford was chosen as vice-president, and E. S. McGrew, secretary-treasurer. After the business session the party of 14 members regaled themselves at a banquet. The total membership of the organization is 40.

Daniel Frohman Presents

MARY PICKFORD

AS CHO-CHO-SAN IN

"Madame Butterfly"

An exquisitely artistic performance of the adaption of John Luther Long's immortal classic.

The entire photo-drama is a correct portrayal of the life and habits of the Japanese race.

Little Mary's characterizations are superb. The Japanese scenery is gorgeous.

POLICE JUDGE EXPLAINS ACTION IN CHEFA CASE

Police Magistrate Monsarrat denies that he in any way subverted justice in the case of Kagawa, a Japanese accused of "assisting and maintaining" a chefa bank. "The prosecution was unable to produce sufficient evidence on which to convict Kagawa of the charge, but they could prove that he had tickets in his possession, so they themselves made another charge against the man rather than let him go free. I imposed a prohibitive fine of \$150 against him, and the fact of the matter is that I had to release him on his own recognizance, as he is a poor man with a family of four, to enable him to raise the amount among his friends. The fine isn't paid yet. The court can't change the charge against a man, and it's malicious to say that he does so. Let these persons come into police court and hear all the facts before they condemn," declared the judge.
